

# Windows for Brighter Futures

Everything we do at Learn for Life Kenya is to *inspire hope* in young, materially impoverished Kenyans.

We are partnering with Tumaini Children's Home in Nyeri, Kenya to build a trade school. The school is a strategic response to staggering unemployment in Kenya. Once open, the 4-story, 29,000 sq. ft Vocational Training Center will *teach skills* to young men and women through certified programs such as plumbing, culinary arts, and tailoring, to name only a few. Those with skills have income gathering potential.

Learn for Life Kenya's contributions to the Vocational Training Center:

- \$172,500 in contributions to the **Vocational Training Center** building project
- We have added the third and fourth floors to the Vocational Training Center
- We have added the roof to the Vocational Training Center
- Our partners are currently preparing to start construction on the building's external walls

Thank you to all who have helped make these milestones possible!

## The Next Phase of Construction: WINDOW CASEMENTS

We ask you to look forward with us at the next phase of construction. **Between now and the end of 2018, our goal is to raise \$40,000 to add window casements to the entire building. That's 202 windows in all!** Literally, you can help young people to envision a better future, to catch a glimpse of brighter vistas!

Your donation reaches far beyond brick and mortar construction, beyond adding walls, roof, and window casements. Your gift enables us to *foster dignity* by preparing a young person to earn a self-sustaining, living wage.

Learn For Life Kenya is committed to combining goodwill with contextually relevant solutions, strengthened by sound economics and grounded in the recognition that all humanity has dignity as formed in our Creator's image.
